Dear Members,

Hope you are all enjoying the season so far - please let me know if you would like signed photographs of any particular Lions player, I have had a word with Lee Valley's answer to David Bailey - Keith Berry - and this can be arranged, so if you have a particular favourite please let me know and you will receive this free of charge as part of your new supporters club members' package - drop me a line or catch me at the rink. It can be arranged also for players from other teams to sign something for you! Let me know also, YOUR ideas on what YOU want as members.

We will be incorporating into the newsletter this season a "question and answer page" this will be run by Mr. Frank Marshall of the New Jersey Devils in the NHL. You can ask Frank any question you like about hockey, baseball, American Football etc. etc. about rules, past happenings, present happenings, who's doing what, who should be doing what but isn't, general gossip - anything you like - even down to how much a game ticket costs! Frank will hopefully be writing an article for us including his views as well. Remember this is an exclusive to the L.V.L.S.C. SO GET THOSE QUESTIONS COMING!!

I have included a price list for forthcoming away trips, as always the more people that book the cheaper it is, I know how much cheaper and more convenient it is for some people to travel by car to away games, of course when the Lions are not having a winning streak support dwindles in all areas, but i'm sure pulling together as a CLUB in hard times will improve things! The coach travel is always good fun with a good crowd of people, we very often gain entry into a rink cheaper, if not for free & why do all the driving yourself? So how about giving it a go next time? Just contact Mark Lawther - or in his absence - Dave Blowes in the shop on match nights.

The address for contact regarding signed photos is :
JULIE COOK, THE GATE LODGE, MYDDLETON HOUSE, BULLS CROSS, ENFIELD, MIDDX. EN2 9HG.

Photo exclusive shows Mark Locks - son of Terry, former Lions manager, on a recent stay in Canada. Look who he caught coming out of the rink - Messrs. Gretzky & Messier, both very kindly agreed to have their photos taken with him, looks like Marky was in a bit of a hurry though! Marky Messier that is. Thank you Mr. Locks - what a coup!
